Lawrence Caproni, the little son of Mr. and Mrs. Joseph Caproni, of West Second street, who suffered a broken arm last week is able to attend school though still carrying the arm in a sling.

There is some talk of the C. & O. railroad making an experiment with steel ties on the Cincinnati division at points between here and Silver Grove, as it is almost impossible to secure wooden ties.

Word has been received by the local draft board from Frankfort that this county is to furnish nine colored drafted men to report to the aviation mobilization camp at Fort Wayne, Mich., on May 6.

AUTO MAKES WILD RUN

A Hupp roadster belonging to Mr. Harry Dunnean, of Maysville, became released in some unknown manner while standing on Fourth street Saturday night and backed down Market street. As the hill between Third and Fourth streets is rather steep the machine gained considerable speed by the time it passed Third street. It backed onto the pavement in front of Duley & Gray's barber shop and then turned around and ran into a Ford machine parked in the street. Neither of the machines were damaged to any great extent. It was a wild run and lucky that no one was injured.

GOOD NEWS

Although it may be the package containing it when received will be a small one.

Some twenty years ago the Paducah Building and Trust Company sent a representative into this city and county soliciting buyers for stock in that concern and when he pointed his toes toward McCracken county he carried a good-sized wad of Maysville and Mason county wealth, secured from some of our best citizens.

Shortly afterwards this remarkable Trust Company "blew up" and in the confusion accompanying such an "accident" a small dividend was sent out to those who had "come across" with their mazuma, and then it died out and was forgotten.

Last week, however, the corpse showed signs of life. A letter was received here by one of the stockholders, informing him that on the 30th day of last March the McCracken Circuit Court, in the action of Gip Husbands, Receiver, vs. R. G. Caldwell, etc., declared a dividend and directed Mr. Husbands, as receiver, of the Paducah Building and Trust Company, out of the assets of that company in his hands, to pay it to the creditors who have heretofore filed and proved their claims in said action.

The communication does not state how much the dividend will be, but it is hoped it will be sufficient to enable those here to buy some Liberty Bonds and help put Mason over the top.

Mr. and Mrs. Charles Nauman spent Sunday in Cincinnati with relatives.

THE PRICE OF A GOOD TIME

The mysteries of a girl's heart laid bare. A story of a rich man and a shop girl. This picture is showing in Cincinnati for four weeks and is the sensation of the year. Pastime Tuesday, April 23.

WELCOME CHANGE

It is understood from a reliable source that beginning May 1 the C. & O. will run the morning accommodation through to Cincinnati and it will return on or about its old time in the afternoon 5:20. This will be good news to our people, this was one of the most popular trains on the Cincinnati division. This train now runs only to this city, returning east from here at 2p.m.

HUNS CLAIM CAPTURE

Of 183 Prisoners in Attack on U. S. Lines—German Official Statement Says Storm Troops Inflicted Heavy Losses on the Americans.

Berlin, via London, April 21—The capture of 183 American prisoners and 25 machine guns by the Germans is claimed in the official report from headquarters today. The German storm troops, it is declared, advanced to a depth of two kilometers (about a mile and a quarter) into the American lines at Selepey.

The Americans, the statement adds, sustained heavy losses.

The text of the statement reads:

"On the battle front reciprocal reconnaissances led to violent infantry engagements. Near La Basse, Lens and Albert there was a lively firing duel; also between the Avre and the Oise and the artillery activity at many times was spirited.

"Between the Oise and the Moselle, lower Saxon battalions attacked the Americans in their positions near Selepey. They stormed the place and pressed forward as far as two kilometers into the enemy lines. Minor counter attacks were repulsed and strong attempts to attack were held down and frustrated.

"In the night hour storming troops, after the destruction of enemy works, returned to their lines of departure. The losses of the Americans were extraordinarily high. One hundred and eighty-three Americans, including five officers, were taken prisoners and twenty-five machine guns were captured.

With the American Army in France, April 21—After the heavy German attack yesterday, the American main positions remained intact, and this morning after a brief bombardment, the American troops attacked and drove the enemy out of the old outposts which they had gained, thus breaking down an offensive which it is believed was intended as the beginning of a German plan to separate the Americans and French.

There was a comparative lull today along the sector northwest of Toul. The Americans engaged in the terrible hand to hand fighting yesterday showed the most daring bravery, stories of which are already being recounted.

As indicating the violence of the offensive, French ambulance men who went through the famous battle of Verdun, declared today that, comparatively speaking, the German artillery fire against the Americans was heavier than in any single engagement on the Verdun front at any time.

Old Positions Retaken Says French Statement

Paris, April 21—The French lines north of Selepey where the Germans inaugurated a heavy attack against French and Americans yesterday, have been completely re-established, according to the war office announcement tonight.

Wounded Huns Fill Belgian Hospitals

Amsterdam, April 21—Streams of wounded Germans from France and Flanders, says the frontier correspondent of the *Telegraaf*, continues so great that all the hospitals, monasteries, convents and schools, not only in Brussels, but in many towns south of the Belgian capital, are filled to overflowing. The Germans have even requisitioned private houses for hospitals.

Forty ambulances trains entered the north station at Brussels daily last week. Many of them were made up of cattle cars in which there were littered of straw for the wounded men.

Big Gun Losses

Paris, April 21—Analysis of the German long-range gun bombardment of Paris, shows that shells have fallen on 17 days since March 23, and that, with the figures for two days missing, 118 persons were killed and 230 injured.

Paris was shelled by nine German batteries from January 5 to January 27, 1871, during which period 105 Parisians were killed and 389 injured.

MAYSVILLE TEACHERS

To Leave Wednesday Morning to Attend Meeting of Kentucky Educational Association at Louisville.

The teachers of the Maysville public schools will leave here on next Wednesday morning for Louisville to attend the annual meeting of the Kentucky Educational Association which will be held at that place from Wednesday until Saturday. Some excellent speakers are to make addresses and a fine program has been arranged.

Louisville, Ky., April 3, 1918.

My dear School Friend:

I enclose herewith copy of program for the next meeting of Kentucky Educational Association to be held in Louisville, April 24 to 27, 1918. Presenting the names of some excellent speakers and offering subjects of timely consideration, I believe you will pronounce it interesting and attractive. You were enrolled as a member last year and I am anxious for you to continue your membership and attend this year. A large number of teachers and other interested persons will be present, and I trust that you will decide now to be one of that number.

Leaders of educational thought have agreed that we should maintain at any cost the efficiency of our school system during these trying times of war. Officers of our Association are quite anxious that this meeting be one of the greatest in our history and that the attendance be exceedingly large. An appeal is therefore made to every loyal Kentucky teacher to be present and assist in making the meeting a successful one.

Pray your patriotism for Country and your loyalty for K. E. A. by enrolling and attending this session.

Special features of the program, which should appeal to every teacher, provide for a visit to Camp Zehner Taylor on Wednesday afternoon and evening. A detail of soldiers will be furnished to conduct the visitors through this most marvelous military city and thus assist in becoming acquainted with the most important features. The evening program will be held in Liberty Theatre at the Camp, and nothing will be left undone to make this one of the most interesting meetings of the session.

County Judge Harry P. Purnell had his first double wedding Saturday when he united in marriage Miss Elizabeth Dodson, aged 20, to Mr. Henry Doyle, aged 27, Miss Winona Dodson, aged 20, to Mr. Burgess Doyle, aged 19. All were from Maysville.

Mr. Morris Reubenaeker of this city motored to Winchester and Lexington Sunday for a short visit.

Mr. Charles Nauman, Jr., of Ashland, was a visitor in the city yesterday.

FACES SERIOUS CHARGE

Henry McCarthy, Employee of the Steamer Homer Smith, Arrested at Manchester This Morning on a Charge of Raping Fifteen-Year-Old Maysville Girl.

Henry McCarthy, an employee of the Steamer Homer Smith, was arrested at Manchester, Ohio, early this morning by Marshal Richard Harris on a charge of having raped Murrell Perkins, aged 15, of this city.

Louisville, Ky., April 3, 1918.

When the boat arrived here this morning at 2 o'clock from Cincinnati the Perkins girl, very much excited and with tears in her eyes, made known to Officer Dudley Bloomfield that McCarthy had raped her. She said that she had gotten quite cold on the boat and that McCarthy had invited her into a room to get warm. She alleged that when she entered the room McCarthy locked the door, raped her and detained her for about an hour.

Officer Bloomfield took the girl to police headquarters and Sergeant Mackey ordered that she be taken to Dr. W. S. Yazell for examination. Dr. Yazell, after making the examination, reported that the girl had been very roughly handled and that she was in a very nervous condition.

As the Homer Smith had proceeded up the river to Manchester word was sent to the authorities there to apprehend McCarthy and hold him for the local police. Chief of Police Ort left this morning for Manchester to bring McCarthy back to this city to stand trial.

The ease of Pyatt vs. the C. & O. was taken to the Court of Appeals on a brief asking for a rehearing of the case by that body, was overruled.

TWO JUICY MELONS

Sliced Up By the Growers and Peop-
les Loose Leaf Tobacco Ware-
house Companies.

During the past season tobacco men here at the start were greatly worried over the prospects of the warehouses' chances of turning over a penny on the good side of the books for the stockholders, and indeed they had lots of room for thus thinking, as a late opening and then a close down and then a freez up all contributed to the forecast that if any house played even it would be lucky.

But things changed for the better, and the farmers began rolling in their tobacco and the high prices obtained enabled the warehousemen to turn what had the ear marks of a bankrupt season into one that actually produced a profit, and last week the Growers and Peoples had a nice big juicy melon festival, the former declaring a 40 per cent. dividend and investing a neat sum in Liberty Bonds and the latter declared a 20 per cent. dividend and also had a nice sum to invest in Liberty Bonds.

It is to be hoped the other warehouses fare equally as well and that next season the melon-slicing will be more thoroughly enjoyed than this season's.

DEATH OF MISS BERTHA ORT

Miss Bertha Ort, formerly of this city, being a daughter of the late Douglas Ort, former chief of police of Maysville, died at her home in Newport last Friday evening. She was a sister of Mr. Douglas Ort, express messenger on the C. & O., and a cousin of Chief of Police Harry A. Ort, of this city. Miss Ort was active in church and fraternal work. She was a member of Grace M. E. Church, Young Woman's Club and Gertrude Chapter, Order of the Eastern Star, at Newport. Her remains will arrive here on C. & O. train No. 2 this afternoon and will be taken direct to the Maysville cemetery for interment. Services at the grave will be conducted by Rev. S. K. Hunt, pastor of the Third Street M. E. Church.

BUY LIBERTY BONDS

To have withheld money from Washington might have provoked the founding of this nation upon the cornerstone of Liberty.

To have withheld money from Lincoln might have dashed the Republic upon the rocks and lost the Liberty so dearly bought.

To withhold money now would only endanger this great, glorious country but might lose liberty for a whole world.

GOOD-BYE, DAM WORK

A Movement is now on foot by the Contractors to block work on the Ohio River Dams during the War Period.

Work on the improvement of the Ohio River may be stopped for the period of the war on the ground that it is not of a war emergency character. This possibly loomed up at Washington when a delegation of contractors who are engaged on Ohio River dam construction appeared before the Senate Committee on Commerce to present an urgent plea for relief.

The contractors said the contracts for dams were let when the United States was at peace and under normal peace conditions. At that time labor could be had at a reasonable wage, and the price of materials had not risen to the zenith. They represented that, owing to the excessive burdens due to the increased price of labor and lumber and other materials, they were bound to suffer losses which will drive some of them to the wall.

A request was made by the contractors that some sort of a provision be inserted in the rivers and harbors bill which will authorize the Secretary of War and Board of Army Engineers to investigate and ascertain what measure of relief should be extended them, and that Congress provide this relief.

The spokesmen for the contractors were P. E. Hunter, President of the Independent Construction Company, Pittsburgh; John R. McArthur, of McArthur Brothers, New York, and Mr. Rogers, of Bates & Rogers Company, another large firm engaged on the dam.

Colonel Henry Newcomer, Army Engineers Corps, said that undoubtedly the contractors are entitled to relief. It was brought out that the amount of the increase as affected the Ohio River dams under construction probably would reach \$2,000,000.

There developed a sentiment in the Commerce Committees in favor of suspending the work on practically all the Ohio River dams until after the war.

The objection to granting the relief requested by these contractors was that every other contractor engaged on any kind of Government work would have the same claim for relief, and the cost would be enormous.

QUIETLY MARRIED

Hon. James N. Kehoe United in Marriage to Mrs. Frances Reed Calvert at Her Home Near Lewisburg Saturday Afternoon.

Mrs. Frances Reed Calvert, a popular young widow of the county, and Hon. James N. Kehoe, president of the First Standard Bank and Trust Company, were quietly married at the home of the bride near Lewisburg Saturday afternoon at 5 o'clock, the ceremony being performed by the Rev. J. Leslie Flinn, pastor of the Lewisburg Christian Church.

Although the many friends of both of the contracting parties knew of the courtship and engagement, the date of the marriage had been kept secret and it was not until Saturday that it was made known.

Immediately following the marriage Mr. and Mrs. Kehoe came to his home in this city and a delightful wedding supper was served, after which the bride and groom left on C. & O. train No. 4 for Philadelphia and other points in the East to spend their honeymoon.

The bride is one of the wealthiest women in the county and is quite popular and well known. The groom is prominent throughout the state in banking and political circles.

Upon their return to this city Mr. and Mrs. Kehoe will take up their residence at the home of the groom, on West Second street.

CONTRIBUTIES TO FRENCH OR- PHAN FUND

THE PRICE OF A GOOD TIME

A poor shop girl, who never had a good time, meets the son of a millionaire, owner of the place she is employed. When his family goes to the sea shore he offers her six nights of a good time. It is a story of life in the city where nobody cares, told upon the screen by the author of "Where Are My Children?" It is a story of what might happen to your daughter or your neighbor's daughter. It is adapted from the whim of guiltless of wrong but all evidence against her. The dream week ends with a crash when she pays the price. Promises fine clothes, theatres, parties, swell suppers at fashionable restaurants among the bright lights and a glittering auto, all have to do with getting her to consent for the good time. This picture has just finished a four week engagement in Cincinnati where it met with tremendous success. This picture will be seen at the Pastime tomorrow matinee and night. Admission 20 cents. We pay your war tax today.
